SUMMARY

Fourth-year Information Security student with comprehensive knowledge in network security, risk management, and ethical hacking. Seeking a Cybersecurity Intern position to apply my skills and contribute to a dynamic team while gaining hands-on experience in cybersecurity

SKILL

Soft Skills:

Time Management
Self-Learning
Communication
Task Flexibility

Hard Skills:

Network Security
Risk Management
Ethical Hacking
Cryptography
Incident Response
Python Programming
Intrusion detection and prevention systems

EDUCATION

2021 - 2025

University of Information Technology
CyberSecurity

GPA: 8.3/10, awarded scholarships in 3 out of 6 semesters

EXPERIENCE

Project Food Ordering Website:

Developed a website for a food business with functionalities including menu, search, ordering, tracking, and payment (using PayPal sandbox), etc.
https://github.com/tantien-hmtt/web_food

Project WAF & ELK:

Deployed a website to exploit security vulnerabilities. Additionally, utilized a Web Application Firewall (WAF) to protect the website and employed the ELK stack for log analysis, etc.. - https://github.com/tantien-hmtt/WAF_ELK

Project SQL Injection Detection on Web using LSTM Model:

Implemented a web application, analyzed data, and created a model to protect the web from SQL injection attacks.
